**Attorney Howard Of Mississippi, Only

Defeated In Session At St. Louis This  
Week, 25 to 23.**

## ROSCOE CONKLIN SIMMONS MAKES ELOQUENT PLEA FOR HIS PEOPLE

The Republican National Committee, which has been in session in St. Louis this week, elected Wm. H. Hays, of Indianapolis, president, and John W. Simmons, the famous orator and idol of his people—these constituted the board of trustees.

They were assisted by Dr. Charles Henry Phillips, of St. Louis, who entered the contest late, but gave service and support to the cause second to none. Dr. Phillips was entrusted with the duty of keeping Babbler readers

unseated its only Negro committeeman, the Hon. Perry W. Howard of Mississippi, seating a white man in his place. Fear and distrust had lit all over again Tuesday at the Planters Hotel, and Monday's attack had been followed with facts. He did his duty.

The white leaders who showed their colors were Babbler, of Missouri; the Post, of Delaware; Mayor Thompson

The brilliant Mr. Howard was defeated for membership on the National Committee by only two votes. The contest was the closest in the annals of Chicago; Zlatoslaw, of New Hampshire; Ralph Williams, of Oregon; Highland, of West Virginia; Tolbert, of North Carolina; and Prescott, of Utah. Collyard, of Washington, D. C., held the law on the opposition.

the Republican party. The defeat was not half as bad to bear as the traitorous remarks of a Negro, Eugene P. Boone of Mount Hays, Miss. The entire committee joined in assuring Mr. Boone

It was on hour no one present will ever forget. After Howard and Mulvihill had presented their cases, and the National Committee, weary and worn, unanimously for His People against Howard. Spaulley, of Kansas, went out of his way to fight Howard while "Cato" of New York, promised in one breath to support him, and two minutes after had voted the other way.

On Wednesday, H. F. MacGregor, of Texas, leader of the "Lily Whites," made a motion to instruct the National Committee to recognize the Multi-Race State Committee in Mississippi.

His defense of Howard was masterful. There stood the tribune of his party and his race. His mastery of figures and facts, together with his golden voice and, in the language of Governor

Woodrich of Indiana, who sat under him. "the plaintive pleading for a devoted people," captivated the great company.

He spoke for less than ten minutes.

man to be allowed to say a word. "Of course," he began. "I ain't no speaker like Col. Simmons, but I got a right to speak for the colored folks as much as he. Let me tell you that if you elect Mulvihill and not Howard

"I am a plain Negro," he went on, "and I know and keep my place."

The new 23rd Ward Colored Republican Club, which was organized a couple of weeks ago, held its second meeting Monday night at Finney and Sarah.

**Vote Closes**  
Immediately the white leaders surrounded the Colored leaders and assured them that the vote would be fair. A large crowd was present and 36 new members were enrolled. The organization was formed by voters in the ward who heretofore have not been actively engaged in politics, but are displeased with the manner in which the plant

that those had reflected as much discredit upon the Republican party as upon his race.

"An executive session" was called. Within ten minutes the sergeant at

argued announced the vote: Mulvihill, 25, Howard 23.

Howard lost his seat, but the Colored leaders had won a place in the esteem of the committee heretofore not enjoyed. Two years hence Howard will be again a member.

Organization and it is claimed that more than 300 have signified their intention of joining. Thomas Brown is chairman; Dr. Julius Bell, secretary; Dr. W. E. Tyler, treasurer. The club will meet every two weeks.

**Race Leaders Firm**  
For the first time in the history of the Republican party Negro leaders stood together. There were but five of

for your scalp, be sure and get a sam-  
ple of "Queen's Hair Food." This

stood the test of time. It is a real

the roots of the hair, promoting a

Quinade is the invention of the ex-

supervision of an experienced phar-  
macologist. It makes the hair soft and  
smooth and easy to put on in the  
style desired.

To get the best results from the use  
of Quinade, it is necessary to shampoo  
the scalp about every two weeks with  
reuby's Quinade. Quinade is made  
entirely out of natural vegetable oils,  
principally coconut oil, and is a thor-  
ough cleanser. Quinade shampoo

dandruff and imparts a refreshing feel-  
ing to the scalp unobtainable by any other  
shampoo.

Do not accept any substitute, but in-  
sist upon getting Reuby's Quinade and  
Reuby's Quinade, asking for them by  
the full name. Price is 25 cents each.  
If your druggist or dealer does not  
stock them, write to East 100th St.,  
New York City, for a sample of Quinade,

Secretary Wilson Says

People Ought to Provide

Full Man Power for War

Is this a capitalist's war? Do you

believe the capitalists and pro-democrats?

Read this extract from a speech by

Secretary of Labor Wilson at St. Paul.

"If this is a capitalist's war, then it

follows that congress and the president

have been dominated by capitalists

in declaring war, and it would follow

also that they would be dominated by

capitalism in pursuing the war, and

yet, instead of permitting capital to

secure profits at will, one of the first

powers granted the war administration

was to fix prices at which capitalists

should sell their products of labor.

The selling price of coal at the mines

was fixed, the price of wheat at the

price of certain motor products and the

price of copper fixed.

"But in no instance has there been

any attempt on the part of the adminis-

tration to fix the maximum price that

should be paid for labor.

"This is a war of the people of the

United States for their liberty. If our

boys are willing to sacrifice their lives

if need be, surely we who remain at

home ought to sacrifice our pride, our

business and our suspicious and pro-

vide our full man power in preparing

the material by which these boys will

defend our country."

Two Bits a Day Clubs, the

New Way of Aiding the War

A movement has been inaugurated

in Phoenix, Ariz., for the formation

of "Two Bits a Day" clubs, the mem-

bers of which are to buy a quarter's

worth of thrift stamps every day.

Three men were told 100 thrift cards

needed one stamp on each card and

sold the entire lot before two blocks

had been covered. "Two bits" is the

old term, dating back to the early days

of the country, and is still used in the

South and West. Every patriotic

American now wants "to do his bit,"

says a treasury department bulletin.

The members of these clubs are carry-

ing out this idea daily in doing their

"two bits" every day. It is hoped that

"Two Bits a Day" clubs will be

formed all over the country in the

great war-savings campaign.

Beans and Aviation.

No one would ever associate the

humble bean with the serious and im-

portant of a great aviation project, writes

H. E. Coffin, in the Saturday Evening

Post, and yet such is the case in the

plans for the planting in America of a

hundred thousand acres of castor

beans, the oil from which is a vital in-

gredient to the smooth running of air-

craft engines.

## U. S. LOAN CORPORATION

WOULD ASSIST ALL ESSENTIAL

INDUSTRIES.

Private Issues of Securities of \$100,000

or More Would Here Be

Approved.

Washington.—Creation of a \$500,-

000,000 government corporation is

being made, and advances to enter-

prise essential to the war and other

wise and in aid of the economy was

recommended to congress by Secre-

tary McAdoo.

The secretary also asked that all

private issues of securities of more

than \$100,000 be made subject to the

approval of the government body, to be

known as the "War Finance Cor-

poration."

The proposed corporation would

have power to make advances to

banks which finance industries essen-

tial to the war or to buy direct the

securities of such corporations, subject

to certain restrictions concerning

price and length of the loan. The

corporation also would make short

term advances to savings banks.

It is said in U. S. Senate.

Further powers of the corporation

would be to "subscribe for, acquire

and own, buy, sell and deal in bonds

and obligations of the United States

and to issue notes or bonds of its

own of an amount not more than

eight times its capital, which would be

supplied originally by the government.

The corporation would be managed

by the secretary of the treasury and

four directors to be appointed by the

secretary with the approval of the

president.

The effect of the plan would be to

create practically a government pool

of all corporate financing for the

duration of the war, and would give

power to the corporation to deplete

what channels the nation's avail-

able credit should be directed.
